RESIDENTIAL PROPERTY

Parker Arrenberg are property lawyers with a difference.

We use the latest technology (including online searches) to help us provide a fast and efficient service for you.

We are in daily contact with all the local estate agents and many national groups, plus of course, local authorities, the land registry and other official bodies concerned with the sale or purchase of residential property.

Perhaps, loans and mortgages are not as easy they once were but we have put together a panel of experts who can assist you in valuation and fund raising.

It is good to know that you have experts on your side

If you are releasing capital as a result of residential property sales we can assist you to find the best investment.

It is good to know that you have experts on your side when it comes to something as important as buying or selling your home.

Parker Arrenberg have moved literally thousands of people in the Catford area and further afield and have been involved in the sale and purchase of everything from a maisonette to a mansion.

The process of residential conveyancing is not always fully understood and therefore, at the beginning of each transaction, our clients receive a clear explanation of all the procedures involved.

It is vital that you, your seller or buyer and your agent are kept informed at each stage. To assist with this we maintain contact to provide details at each stage undertaken, and the current 'state of play' of your particular case.
